

CFL & CL Recycling Awareness Talk

Go Green! TEEAM held its first awareness talk at Sri Dasmesh International School on 22nd July 2014. The aim is to educate the students on proper disposal of used CFL & FL and to improve their attitude towards recycling. The speaker, Dr Tan Ching Seong gave an introductory awareness talk to the students, highlighting the importance of recycling and environmental protection. The talk was attended by about 100 students and teachers of the school. TEEAM's on-going CSR mission and efforts to educate and instil environmental awareness among school students and the general public will carry on.
