

TEEAM TRADE DELEGATION TO ASEAN SUSTAINABLE ENERGY WEEK 2016
1st – 4th June 2016, BITEC, Bangkok, Thailand

ASEAN Sustainable Energy Week 2016 is international event that aimed to create the awareness for the need of sustainable clean energy and environment, as well as to promote the investment and use of new technology in the ASEAN. The organiser of this event is UBM (Asia) Thailand, a leading exhibition and conference organiser specialising in industrial technologies; the company is a part of United Business Media, a UK parent company listed in London Stock Exchange.

The event will showcase cutting – edge machinery, equipment and technology – including the latest Wind & Solar Power systems, also featured will be system designed around Thermal, Hydro – Power, Bio-mass and other revolutionary green technology. The event is expected to host the world’s top ten solar roof top manufacturers. Last show was highly acknowledged and the event was attended by 25, 083 to top quality visitors and buyers from 38 countries around the world.

TEEAM is organising a trade delegation to participate in ASEAN Sustainable Energy Week 2016. Some of the privileges members will enjoy are:

- Complimentary 2 nights accommodation provided by the Organiser
- Free shuttle service to fairground
- Free airport pick up for group arrival
- Attend conference & networking reception

The above privileges are based on first-come, first-serve and are subject to approval and change without prior notice.
