

BUILDING IN THE FUTURE; THE NEXT 30 YEARS

Future Proof your company. This (free for members only) seminar and forum is absolutely essential for future-proofing your business model for the next generation.

The Forum starts with a brief introduction to construction safety with case studies for the electrical industry by Ir. H.P. Looi.

Ir. H.P. Looi. B.Eng (Hons), P.Eng (Practice License); Jurutera Gas ; F.IEM
More than 30 years in design consultancy. More than 2 decades in National Standards. Principal of Mektricon Sdn Bhd.

HARVEST ENGINEERING SDN BHD
五丰机械五金有限公司

enquiries@harvest.com.my

Presentation by Mr Mark Mumenthaler of Wiha Asia Pacific (purveyor of Wiha hand tools essential for the electrical contractor) on proper hand tools for efficiency, productivity and safety for the savvy contractor.

The forum concludes with a presentation on the future of the construction industry 30 years hence. The changing face of world economics and the construction industry with defining trends; world demography (greying population), virtualisation of markets, the 4th industrial revolution and ramifications of a multi-polar world.
