Reliable and energy saving at a great price with OSRAM bulb.

SEE THE WORLD IN A NEW LIGHT

OSRAM DuluxStar® :
Energy for every day.

Up to 80% energy savings and 15 times the life of ordinary light bulb. Osram DuluxStar® ranges meet all the requirements for normal everyday use in the home. They are available with an E14, E27 or B22d base with various sized and wattages from 5W to 30W.

Innovative, creative, economical: Lighting solution with LED systems

OSRAM LED systems are extremely low-profile elegant lighting solution due to low height, simple installation and ease of integration into the architecture. It is ideal for illumination heat-sensitive materials, for example in, museums, or for operation with solar power and batteries.

Lumilux fluorescent lamp: First choice for durability.

For economical reasons they are the first choice for many applications because they combine high luminous efficacy with low power consumption. A LUMILUX lamp, for example, needs only around 15% of the electricity that an ordinary light bulb needs. Low power consumption and long life mean that fluorescent lamps are kind to the environment.

More than energy-saving: OSRAM Electronic control gear inexpensive, versatile and reliable.

OSRAM ECGs have been successfully used for providing reliable energy-saving lighting for many years in millions of applications in all the major sectors. OSRAM ECGs are the preferred choice of commercial users for permanent economical lighting in shops, offices and industry. Low energy consumption is good not only for the economy of lighting systems but also for the environment. ECG operation extends lamp life, provides flicker-free light and flicker-free shutdown at end of life.

From The Editor's Desk

TEEAM is celebrating its 56th Anniversary on 23rd August 2008 at One World Hotel. On behalf of TEEAM, I wish to extend our gratitude to our Guest of Honour, Yang Berhotmat Dato' Ir Mohd Zin Mohamed, Minister of Works, Malaysia for gracing our dinner celebration.

Our heartfelt thanks goes to Dinner Fund Raising Chairman, Mr Michael Oan for a great job in getting all the sponsorship. To the many generous sponsors and guests, we thank you for your strong support.

We had informed you that TEEAM has received official order from CIDB to gather prices of materials used for Mechanical & Electrical (M&E) works. This is to enable CIDB to publish a price index on M&E materials. It will be used in the price escalation clauses in future contracts. In order to complete the work we request for members' support to assist us in providing their selling prices monthly. We understand there is an effort required for the prices to be quoted but we urge you to cooperate with TEEAM to demonstrate our commitment in getting the price index established quickly. Our heartfelt thanks are given to all who are contributing to this project.

After the announcement of the training course in Energy Efficiency (EE) with AOTS, we have received some enquiries and registration. This training will take place in Japan for a duration of 2 weeks in November 2008. We encourage everyone to take the opportunity to take part in the training course. We hope to fill up the 25 places soon. In view of the current escalation in fuel price and electricity tariff, EE business will be heading for an upturn in demands.

We had launched and distributed car windscreen stickers to promote Electrical Safety. We request for your kind efforts to have the stickers quickly displayed in your company vehicles. Stickers are available from the TEEAM Secretariat. This is also an effort to promote TEEAM to the public.

We like to thank Straits Design for their article on lighting installation for Malaysia's SMART Tunnel. We are proud of our local talents and engineering capability in achieving the lighting requirements for the unique project. Their products had been designed to exceed the specifications.

Please look out for some descriptions of Circulars from the Suruhanjaya Tenaga in one of the articles in this issue of SUARA.

Regards,

Ir Chew Shee Fuee

AFEEC - FAPECA Conference & Meeting in Singapore

AFEEC Council Meeting

The 46th Council Meeting of the Asean Federation Federation of Electrical Engineering Contractors (AFEEC) was held on 22nd May 2008 at Holiday Inn Atrium, Singapore. TEEAM was represented at the meeting by Dato' Ir Lee Peng Joo (President), Ir Rocky Wong Hon Thang (Honorary Fellow cum Technical Adviser) and Ir Yong Ah Huat (Honorary Secretary).

AFEEC has come a long way since its inception in Manila in 1979. AFEEC represents the stakeholders of the Asean electrical and electronics sector and has membership from AKLI (Indonesia), SECA (Singapore), SPECS (Philippines), TEEAM (Malaysia) and TEMCA (Thailand). Through this important network, TEEAM members are able to communicate, exchange views and share beneficial business opportunities.

Representatives from TEEAM - (from right) Dato' Ir Lee Peng Joo (President), Ir Rocky Wong Hon Thang (Honorary Fellow cum Technical Adviser) and Ir Yong Ah Huat (Honorary Secretary).

VIPs - Heads of delegation posing for a group photo.

At the meeting in Singapore, AFEEC resolved to seek the kind support and intervention of H.E. Dr Surin Pitsuwan (Secretary-General of ASEAN) to move AFEEC's proposal to the right ASEAN Forum to realise ASEAN stakeholders' aspired ASEAN Mutual Recognition Agreement for Electrical Engineering Works (E2WMRA). The success of an E2WMRA will contribute towards trade facilitation befitting the ASEAN Economic Community (AEC) target to be realised by 2015.

FAPECA Conference & Meeting

Through AFEEC, TEEAM is affiliated to a broader regional network which is the FAPECA (Federation of Asia Pacific Electrical Contractors Associations). FAPECA was founded in Korea in 1986. The linkage has since been expanded to KECA (Korea), TECA (Taiwan), HKECA (Hong Kong), NECA - USA, NECA - Australia, ECA - New Zealand, PECA - Hawaii, NECA - Mexico and KOKKO - Japan.

FAPECA's combined annual conference and meeting was also held in Singapore from 21st to 22nd May 2008. The event provided delegates with a deeper understanding of current issues and opportunities to participate in open discussions. Ir Rocky Wong Hon Thang on behalf of AFEEC as the industry resource person articulated the stakeholders' wish list in a paper presentation at the conference. He spoke on industry's perspective on the need for MRA's and other measures to help facilitate trade.

Conclusion

It was a good platform for information exchange, business networking and social gathering. The delegation from TEEAM extended their gratitude to SECA for their warm hospitality.

The next meeting will be held in Kuala Lumpur in conjunction with Asean Elenex 2009 Exhibition from 15th to 18th July 2009.

All smiles - Delegates to the AFEEC - FAPECA Conference & Meeting.

12th APEC JAC Meeting & 5th ACCSQ JSC Meeting

12th APEC JAC Meeting

The 12th meeting of the Asia Pacific Economic Cooperation Sub-Committee on Standards and Conformance Joint Advisory Committee (JAC) was held in the morning of 14th May 2008 at the Empire Hotel & Country Club, Brunei Darussalam. The meeting reviewed measures in the APEC EEMRA (Electrical and Electronic Mutual Recognition Agreement) and the status of participation from each member economy. To move the APEC EEMRA forward, it requires the full commitment of all member economies.

5th ACCSQ JSC Meeting

The 5th meeting of the Asean Consultative Committee for Standards & Quality (ACCSQ) Joint Sectoral Committee (JSC) for Electrical and Electronic Equipment was held from the afternoon of 14th to 16th May 2008. Electrical and electronic stakeholders representatives deliberated the following:

- Issues arising from operationalising the ASEAN EEMRA.
- Issues concerning the ASEAN Agreement

For the album – Group photo of all the delegates

for Harmonisation of EEE Regulatory Regimes among ASEAN Member States.

- Stakeholders' aspiration and perspective concerning an expanded scope of coverage of the ASEAN EEMRA and other AEC (ASEAN Economic Community) issues driven by the AEI (ASEAN Economic Integration) agenda in the context of the ASEAN Charter.

Participants of the meeting included delegates from Brunei Darussalam, Indonesia, Malaysia, Singapore, Philippines, Thailand and Vietnam. Representatives from the ASEAN Secretariat, ASEAN - EU and the Ministry of Economic Development of New Zealand were also in attendance. TEEAM represented by Ir Rocky Wong Hon Thang (Honorary Fellow

cum Technical Adviser) was a member of the Malaysian delegation to the meeting. Other members of the Malaysian delegation were En Ismail Anuar and En Yusof Sarnawi from the Energy Commission and Pn Nur Fadhilah Muhamad from SIRIM.

Seminar on Understanding and Implementing

APEC EEMRA

Earlier, a back to back seminar on understanding and implementing APEC EEMRA was held on 12th & 13th May 2008. Ir Rocky Wong Hon Thang presented a paper on the industry's perspective on the need for MRA's and other measures to help facilitate trade. The response to the seminar was overwhelming.

Conclusion

Overall it was a fruitful assembly for the two meetings. The delegation from Malaysia was grateful to the host viz the Ministry of Development, Brunei Darussalam for their warm hospitality.

Networking reception – Delegates sharing views.

Overwhelming response – A cross section of the APEC Seminar participants.

Networking section – VIPs sharing a light moment. Far left is Ir Rocky Wong Hon Thang (TEEAM Honorary Fellow cum Technical Adviser).

Trade Visit to Guangzhou Lighting Fair 2008

The Guangzhou International Lighting Exhibition was held on 8th to 11th June 2008 at Guangzhou International Convention & Exhibition Centre, Guangzhou, China. The show featured a complete range of technical & exterior lighting, domestic lighting, professional lights, electric lights, accessories and components. A special LED (Light Emitting Diodes) hall was highlighted for the first time in 2008. TEEAM was invited as a supporting organisation.

With energy-savings and environmental-friendliness at the forefront of China's agenda, the LED market is growing fast, achieving a growth rate of 18% in 2005. With their low energy consumption, longer life-spans and a vast array of applications, LEDs are gaining popularity.

A 9-member delegation from TEEAM led by Past President, Mr Suresh Gorasia visited this annual exhibition. 1,539 exhibitors from 21 countries spread across a record-breaking 10 halls. A total of 48,105 visitors from 96 countries visited the exhibition. Exhibitor numbers rose 25 per cent compared to last year. Overseas visitors numbered 10,243, an increase of 3% from 2007 and domestic visitors increased by 8% to 37,862.

Running alongside the fair was Electrical Building Technology Guangzhou, an

At the welcome dinner – (seated from left) Mr Lim Swee Seng (Manager, Yuan Ming), Mr Arthur Lau Kah Hoe (Nanyang Electric), Mr Suresh Gorasia (TEEAM Past President), Mr Jason Yee Keen Kok (Nanyang Electric) and Mr Tan Chow Teck (Relex Electrical Supplies). (standing from left) Mr Raymond Fong Yit Sin (Success Electronics & Transformer Mfr), Mr Eric Chang Kam Kuan (Success Electronics & Transformer Mfr), Mr Peh Boon He (Yuan Ming Electric), Mr Stanley Lim Hui Ming (Nanyang Electric) and Mr Mak Wei Mun (Nanyang Electric).

important meeting place and sourcing platform for architects, designers, engineers, developers and contractors from all over Asia. This year, 97 exhibitors presented their high-quality industrial and commercial building technology and products.

Top ten overseas visiting countries are China, Hong Kong, Korea, Taiwan, India, USA, Thailand, Malaysia, Singapore and Japan.

A Lighting Technology Symposium held during the fair once again proved to be popular with visitors. This year's theme was "Master planning, design, implementation and management of urban lighting." Around 1,250 people attended a total of 11 seminars which covered the topics of LED technology, cost management of lighting, master planning and management of urban lighting, landscape lighting and architecture & interior lighting. The symposium was co-organised with Guangzhou Yang Guang Lighting Service Co, Ltd, and supported by the China Illuminating Engineering Society.

At the exhibition ground – (from left) Mr Mak Wei Mun (Nanyang Electric), Mr Jason Yee Keen Kok (Nanyang Electric), Mr Tan Chow Teck (Relex Electrical Supplies), Mr Suresh Gorasia (TEEAM Past President) and Mr Stanley Lim Hui Ming (Nanyang Electric).

The next Guangzhou International Lighting Fair is scheduled for 8th to 11th June 2009.

For more information about the fair, please log on to www.light-building.messefrankfurt.com or contact the organiser, Guangzhou Guangya Messe Frankfurt at LBguangzhou@hongkong.messefrankfurt.com

important meeting place and sourcing platform for architects, designers, engineers, developers and contractors from all over Asia. This year, 97 exhibitors presented their high-quality industrial and commercial building technology and products.

Top ten overseas visiting countries are China, Hong Kong, Korea, Taiwan, India, USA, Thailand, Malaysia, Singapore and Japan.

At the exhibition ground – (from left) Mr Mak Wei Mun (Nanyang Electric), Mr Jason Yee Keen Kok (Nanyang Electric), Mr Tan Chow Teck (Relex Electrical Supplies), Mr Suresh Gorasia (TEEAM Past President) and Mr Stanley Lim Hui Ming (Nanyang Electric).

A Lighting Technology Symposium held during the fair once again proved to be popular with visitors. This year's theme was "Master planning, design, implementation and management of urban lighting." Around 1,250 people attended a total of 11 seminars which covered the topics of LED technology, cost management of lighting, master planning and management of urban lighting, landscape lighting and architecture & interior lighting. The symposium was co-organised with Guangzhou Yang Guang Lighting Service Co, Ltd, and supported by the China Illuminating Engineering Society.

The next Guangzhou International Lighting Fair is scheduled for 8th to 11th June 2009.

For more information about the fair, please log on to www.light-building.messefrankfurt.com or contact the organiser, Guangzhou Guangya Messe Frankfurt at LBguangzhou@hongkong.messefrankfurt.com

Council Meeting at KLCC

The 6th Council Meeting for the year 2007 - 2009 was held on 17th June 2008 at the Kuala Lumpur Convention Centre (KLCC). The meeting was held in conjunction with Electric Asia 2008, an exhibition on a broad range of products and services for electrical installation and power generation, transmission & distribution. The meeting venue was hosted by the exhibition organiser, AMB Exhibitions Sdn Bhd. The turnout was good with strong presence from State Association Members namely Penang Electrical Merchants' Association (PEMA) and Perak Electrical Association (PEA).

All smiles – A group photo taken after the meeting.

During meeting – Some pressing issues were discussed for solutions.

ASIA INVEST MATELEC 2008 BUSINESS MEETING

29th-30th October 2008, Madrid, Spain

An Invitation to Spain

TEEAM in collaboration with the Spanish Association of Electrical Equipment Manufacturers (AMEC-AMELEC) presents a business matching event during MATELEC 2008 in Madrid, Spain. Malaysian companies are invited to participate in pre-arranged meetings with prospective European companies. This event is co-funded by the European Commission under the Asia Invest Programme. It aims to promote and support business cooperation between European Union and Asia. Project partners of AMEC-AMELEC are TEEAM, IEEMA, TEMCA, AICC and Consorzio Italiasia.

40 Asian companies from Malaysia, India, Thailand and Afghanistan will have individual business matching meetings with 25 European companies. The business matching meetings will be held on 29th & 30th October 2008 in Madrid, Spain during MATELEC 2008, an international exhibition of electrical and electronic equipment.

Sectors at the Meeting

- Generation, transformation and storage of electric power
- Power distribution and conduction
- Electrical lighting techniques
- Automation, measurement and regulation techniques
- Intercommunication Systems

Company Profile

- Manufacturers of electrical equipment
- Distributors of electrical equipment
- Representatives of electrical equipment
- Prescribers of electrical equipment (architects, engineers, building contractors)

Cooperation Agreements

- Commercial agreements for distribution and representation
- Joint manufacturing agreements
- Know how and technology transfer
- Creation of joint ventures
- Joint participation in international tenders
- Other strategic agreements

Partners

TEEAM (Malaysia)
The Electrical and Electronics Association of Malaysia

IEEMA (India)
Indian Electrical and Electronics Manufacturers' Association

TEMCA (Thailand)
Thai Electrical and Mechanical Contractors Association

AICC (Afghanistan)
Afghanistan International Chamber of Commerce

Consorzio Italiasia (Italy)

For enquiries and registration for business matching meeting, please contact TEEAM at:

MTA Malaysia 2008

The 5th Malaysia International Precision Engineering, Machine Tools and Metalworking Exhibition and Conference, MTA Malaysia 2008 was held from 7th to 11th May 2008 at Putra World Trade Centre (PWTC), Kuala Lumpur. It was jointly organised by Malaysian Exhibition Services Sdn Bhd and Singapore Exhibition Services Pte Ltd. The event was held concurrently with the Metaltech 2008, the 14th Asean International Metal Working, Machine Tool, CAD/CAM, Metrology, Mould & Die, Surface & Heat Treatment, Sub-Contracting, Foundry, IA, Robotics, Precision

Engineering and Welding Technology Exhibition.

The mega international machine tool event attracted over 860 exhibiting companies from more than 30 countries and 13,700 international visitors gathered at the event. Some international pavilions were presented at the exhibition. They were from Germany, Japan, Korea, Singapore, Taiwan, China, Czech Republic and United Kingdom showcasing the latest technology and equipment to meet the needs of the metalworking and precision engineering industries.

The exhibiting companies are from Australia, Austria, Canada, China, Czech Republic, Denmark, Finland, France, Germany, Hong Kong, India, Indonesia, Ireland, Israel, Italy, Japan, Korea, Malaysia, Netherlands, New Zealand, Pakistan, Philippines, Singapore, South Africa, Spain, Sweden, Switzerland, Taiwan, Thailand, Turkey, UK, USA and Vietnam. TEEAM also took part in the exhibition.

The upcoming MTA 2009 will be held from 25th to 28th March 2009 at Singapore Expo. For more information about the show, please log on to www.mta-asia.com

Ribbon cutting ceremony – YB Tan Sri Dato' Muhyiddin Mohd Yassin (Minister of International Trade and Industry) cutting the ribbon to officiate the MTA Malaysia 2008. From left are YBhg Tan Sri Asmat Kamaludin (Chairman of Malaysia Exhibition Services Sdn Bhd), YBhg Tan Sri Datuk Zainal Abidin Sulong (Chairman of Malaysian Industrial Development Authority - MIDA), YBhg Dato' Jalilah Baba (Deputy Director General 1, MIDA) and YB Datuk Jacob Dungau Sagan (Deputy Minister of International Trade & Industry).

VIP exhibition tour – (middle) YB Tan Sri Dato' Muhyiddin Mohd Yassin (Minister of International Trade and Industry) listening to a product presentation.

TEEAM booth – Information on TEEAM's activities was disseminated at MTA Malaysia 2008.

MTA Malaysia 2008 – A cross section of the exhibition.

Special Hotel Room Rates

We in TEEAM care for our members' interests! One of the benefits for our members is that the TEEAM Secretariat had obtained discounts on room rates from hotels in Malaysia. Whether you are on a business trip, family holiday or organising seminar, TEEAM will always be happy to assist you. Contact us for details on the discounts available.

Tel: 603 - 9221 2091, 9221 4417 Fax: 603 - 9221 8212 E-mail: teeam@po.jaring.my or teeam@streamyx.com

As you aspire for the Best

Let our Engineering Expertise be your firm support

PJI Holdings Berhad is an investment holding company with subsidiaries which core businesses are in the provision of integrated specialized electrical and mechanical (M & E), civil and structural (C & S) and engineering services, mainly for the infrastructure, energy, petrochemical, telecommunications, water supply and construction industries.

Quality, Safety, Timely Delivery and Service Excellence form the Group's basic foundation, philosophy and modus operandi. This total commitment has earned us the recognition and trust of highly reputed organizations such as Tenaga Nasional Berhad, Putrajaya Holdings and KLCC Berhad culminating in the company being awarded 'Malaysia's Best Engineering Contractor' by the ASEAN Federation of Electrical Engineering Contractors.

INFRASTRUCTURE

- Power substations and transmission lines
- Underground cable and distribution systems
- Roads, bridges and drainage system
- Railway

HIGH RISE BUILDINGS

- Design and construct high rise buildings
- HT and LV electrical systems
- Air-conditioning and ventilation systems
- Fire protection services
- Extra Low Voltage System
- Telephone and structure cabling systems

OIL & GAS PETROCHEMICAL

- Electrical works
- Control and instrumentation
- Maintenance services

WATER SUPPLY

- Design and build water treatment plant
- Construction of ground and elevated reservoirs
- Upgrading and maintenance of water treatment plants
- SCADA and telemetry systems
- Pumping stations
- Associated electrical and mechanical works
- Pipe laying works

HOSPITALS

- Electrical & mechanical services
- Design and construct building for hospitals
- Medical systems
- Lighting and power
- Public address systems
- Telecommunications systems

PROFESSIONAL LIGHTING

- Lighting systems for stadiums, tunnels, decorative, highways etc.
- Intelligent lighting control systems

OTHER ENGINEERING SERVICES

- Turnkey projects
- Electrical and mechanical maintenance services
- Value engineering
- Energy management programmes
- Tunnel electrical & mechanical works

Luncheon Dialogue with TNB (KL)

A luncheon dialogue was hosted by the Distribution Division of TNB Kuala Lumpur on 15th June 2008 at Sao Nam Imperial Vietnamese Cuisine, Sri Hartamas, Kuala Lumpur. The luncheon dialogue aimed to build a closer working relationship between TEEAM and TNB (KL). Newly appointed General Manager of Distribution Division, TNB Kuala Lumpur, Ir Kamaliah Abdul Kadir, was introduced to TEEAM officials. She hopes both parties will work hand in hand for the betterment of the electricity supply industry. The luncheon dialogue provided opportunities for members to raise some operational issues. It was a fruitful networking session for both parties.

Group photo – (seated from left) Mr David Chong Ah Nyap (TEEAM Vice President), Ir Steven Ng Khoon Hwa (TEEAM Vice President), Ir Kamaliah Abdul Kadir (General Manager of TNB KL), Dato' Ir Lee Peng Joo (TEEAM President), En Abd Aziz Abd Majid (Chief Engineer of TNB KL) and Ir Yong Ah Huat (TEEAM Honorary Secretary). (Standing from left) En Muhamad Azli Ab Rahim (Assistant Senior Manager, Commercial Management/Government Relationship & Special Project of TNB KL), Pn Nor Jannah Hj Omar (Senior Manager, Human Resource Management & Administration Services of TNB KL), Mr Chai Ah Ming (TEEAM Council Member), Mr Yap Ching Kiat (TEEAM Vice President), Mr Fong Mun Loon (TEEAM Council Member), Mr Jack Soon Lee Hock (TEEAM Assistant Honorary Secretary), Pn Noraini Shaarani (Senior Manager, Consumer Service & Marketing, TNB KL), Pn Noor Asmah Abu Samah (Finance Officer, TNB KL), En Mohd Anuar Othman (Deputy Chief Engineer of Planning & Construction, TNB KL) and En Mohd Fauzi Mohd Ismail (LPC Estimation Engineer, Consumer Service & Marketing, TNB KL).

During lunch – Everyone savouring the Vietnamese cuisine.

Courtesy Visit from MATRADE

On 10th July 2008, Dr Bryan Sidhu (Senior Manager) and En Shah Nizam Ahmad (Manager) of the Product & Services Development Division of MATRADE (Malaysia External Trade Development Corporation) paid a courtesy visit to TEEAM. On hand to receive the visitors are TEEAM officials headed by Mr Yap Ching Kiat (Vice President).

The objective of the visit was to build a closer working relationship between MATRADE and TEEAM. Members are encouraged to apply

for the various products and services grants available from MATRADE. To encourage exports, MATRADE welcomes members to identify overseas exhibitions for participation and MATRADE can offer incentives.

Dr Bryan also encouraged members to register for MATRADE's Exporters Online Service to promote their products and services. He also highlighted the INTRADE Malaysia 2008, an international exhibition showcasing a wide range of products and services from around the world.

The event will be held from 13th to 16th November 2008 at MATRADE Exhibition & Convention Centre (MECC). The event provides a good platform to explore new business and investment opportunities globally.

MATRADE hopes to promote a special lighting cluster at INTRADE Malaysia 2008. Members who are interested to showcase their lighting products at INTRADE Malaysia 2008, are to contact En Shah Nizam Ahmad at Tel: 603-6207 7685 or E-mail: shah@matrade.gov.my

MATRADE officials – (left) Dr Bryan Sidhu (Senior Manager) and En Shah Nizam Ahmad (Manager) from the Product & Services Development Division.

TEEAM officials – (from left) Mr Simon Leong Kien Khan (Council Member), Ir Steven Ng Khoon Hwa (Vice President), Mr Koh Hark Hwa (Committee Member) and Mr Yap Ching Kiat (Vice President).

ECM ESSENTIALCORP (M) SDN. BHD.

Load Profiling Monitoring System

It uses the CT clamps and bus-bar voltage clamp to tap on 11 kV substation (PE) and logging data for interval of 15 minutes for 24 hours duration. Essential data been recoded are phase voltages, phase currents and phase angles. Through further analysis using Equalysis Software, all information required regarding an 11 kV substation can be deduced and presented.

Tested by TNB Engineering for functionality and currently been used For monitoring TNB low voltage substation.

Fuse-switch Disconnecter 160A - Brand : Fusetec

The Fusetec FH range fuse-switch disconnectors are fully insulated on-load switches which have been designed and manufactured in Malaysia for reliable use in low voltage overhead systems using either aerial bundled or bare overhead conductors. These switches are suitable for mounting directly onto transformers, poles or building facades.

Certified by SIRIM and CPRI India plus obtained Sijil Guna Pakai from TNB.

Earth Fault Indicator- EFI "Essentialtech"

Current transformer as a sensing element is attached to the monitored distribution cable. Thus current that occurred due to the earth fault is detected.

Certified by SIRIM and obtained Sijil Guna Pakai from TNB.

Academic Excellence & Vocational Training Awards 2008

We are proud of you! Congratulations to the winners of the prestigious TEEAM academic excellence awards for their outstanding performance in the 2007 public examinations. A presentation ceremony was held on 26th July 2008 at TEEAM Conference Room to honour these students. Academic Excellence Awards Chairman, Mr Ho Khai Hong highlighted that the awards are meant for students who are children of TEEAM members or children of employees of TEEAM members. They are six recipients for UPSR category, eight recipients for PMR category, seven recipients for SPM category and one recipient for STPM category.

Commencing from year 2006, TEEAM had been awarding book prizes to best electrical and electronics engineering second and third year undergraduates from University of Malaya (UM) and University Science Malaysia (USM). There are ten recipients this year.

In addition to the above, the association also offers best trainee award for the vocational training courses conducted at TEEAM Training Centre. TEEAM conducts wiremen PW1 which follows the syllabus of Energy Commission and building wiring installer (BWI) course which follows the syllabus of the Construction Industry Development Board.

TEEAM President, Dato' Ir Lee Peng Joo who was present to give away the awards, said the association believes that investing in education and training was worth the effort. TEEAM feels that by providing the right education and training, the association can help foster the intellectual capacity needed to address society's future challenges. He hopes that these awards will encourage more students and trainees to work harder.

Proud parent, Mr Albert Koh was overjoyed that his daughter, Koh Kar Mun, an SPM recipient was one of those honoured at the

Good turnout – Proud parents and siblings gave full support.

***Congratulations!** – Winners posing with TEEAM officials. (seated from right) Mr Jack Soon Lee Hock (Assistant Honorary Secretary), Mr Ho Khai Hong (Academic Excellence Awards Chairman), Dato' Ir Lee Peng Joo (President), Mr Suresh Gorasia (Past President) and Mr Ooi Eng Guan (Council Member).*

presentation. Kar Mun who loves to read and listen to music, hopes to be an engineer. She is now studying in INTI College and will further her studies in USA.

Chin Wynn, an aspiring SPM recipient attributed his success to consistent study. Swimming is his favourite hobby. His ambition is to be a fund manager and he is studying Business Foundation in Taylor's University College.

Another SPM recipient, Looi Yen-Theng believes constant revision and concentration in class are important to achieve good results. She is very grateful to her parents for their support and giving her the best education. Yen-Theng loves to read, swim and cycle. She wishes to be an accountant.

Group photograph and light refreshment capped off the event.

***Well done** – PMR recipient, Nur Amira Nabila receiving the TEEAM award from Dato' Ir Lee Peng Joo (President). Looking on is Mr Ho Khai Hong (Academic Excellence Awards Chairman).*

***Happy moment** – Proud parents with their brilliant "jewels".*

THE DEFINITIVE MULTI-FUNCTION METER

DIRIS A20 & A40

MADE TO MEASURE

A universal multi-function solution to optimise the measurement, control and management of your electrical installation...

> **EASY TO INSTALL:** Compact, Plug & Display modules, self test diagnostics function to check & correct wiring connections

> **ACCURATE MEASUREMENT:** Enhanced quality and accuracy of measurements due to integration of a dedicated ASIC component

> **OPTIMISED VISIBILITY:** Large easy-to-read configurable backlit display

> **DIRECT ACCESS:** Large keys enable quick, direct access to all data required without the need to navigate through complicated menus

> **PLUG & DISPLAY:** Additional functions can be added retrospectively through optional add on modules

..... Continue Academic Excellence & Vocational Training Awards 2008

I did it! – SPM recipient, Chin Wynn sharing his joy with father, Mr Chin Chee Meng.

Best trainee awards – (from left) Wiremen PW1 trainee, Wong Chee Kang and BWI trainees, Lee Wai Sang & Tan Chun Hwa.

SPM recipient – Koh Kar Mun with her proud father, Mr Albert Koh Yeng San.

Book prizes for UM undergraduates – (from left) Ang Cheng Cheng (best second year – electrical), Than Mau Luen (best second year – telecommunication) and Wong Siew Yim (best third year – telecommunication).

High achiever – PMR recipient, Wong Yinn Yii with her parents, Mr & Mrs Wong Chee Hoong.

Joyous moment – SPM recipient, Looi Yen-Theng posing with her parents, Mr & Mrs Looi Wan Teik and sister, Yen-Ling.

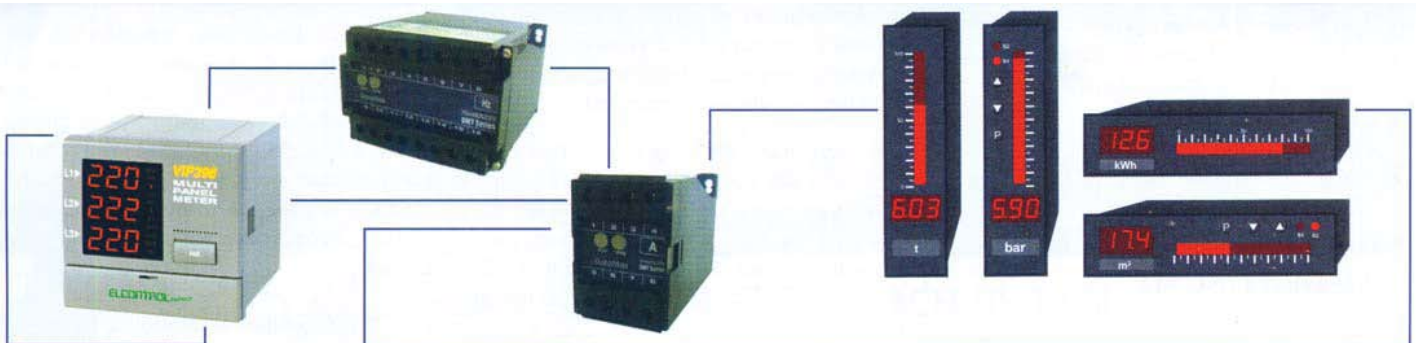

Your Electrical Instruments Partners

Synergy Instrumentation Sdn. Bhd. offers a comprehensive package of excellent consultancy, support service and state of the art electrical components to cater for all your electrical needs.

- Electrical Measuring Instruments
- Electrical Network Analyzers
- Process Controllers and Displays
- Portable Measuring Instruments and Testers
- Power Supply and AC/DC Converters
- Alarm Annunciators
- Other Switchgear Component

Our highly skilled professional staff have years of extensive experience in the field and are ready to provide speedy response to any query and requirements set by our clients.

We have establish a strategic relationship with various world renowned brands such as :

-  - D-Master Multifunctional Power Meter, Power Transducer, Analogue/Digital Panel Meters, Signal Isolators/Transmitters
-  - Power Quality Analysers, Utility Grade Power Meters
-  - Marine Panel Meters, Power Transducer, Multifunctional Power Meters, Mechanical & Static Energy Meters
-  - Electrical Multifunctional Analysers
-  - Metasys N2 Protocol - Three-Phase Network Analysers

-  - Lon-Works Protocol Power Meters
-  - Digital / Bargraph Panel Meters
-  - Temperature & Motor Load Controller/Relays
-  - Alarm Annunciators
-  - Fault Indicators/Flat Relays
-  - LED Semaphore Indicators

Golf Competition 2008

It was a smooth game at Tropicana Golf & Country Resort and Seri Selangor Golf Club on 31st July 2008. That was the TEEAM annual golf competition which attracted 152 golfers. This year's event was held in the afternoon for a change but the spirit was the same, very enthusiastic with many golfers arriving as early as 10.30 am to prepare for tee-off.

At the green – (from Left) Mr Bernard Ng (MGE UPS), Mr Jonathan Teo (ABB), Mr Tero Heltio (ABB) and Mr Albert Tey (ABB).

At the halfway hut – Golfers taking a break. They were served with drinks by the Fuji bon-bon girls.

For the album – Golfers with the pretty Fuji bon-bon girls.

Cheers! – (centre) Engr Fu Wing Hoong (TEEAM Deputy President) and (second from left) Mr Chong Yoon Koon networking with members of the Press. (from right) Mr Y Y Lee (Sin Chew) and Mr Wan Hon Ping (Nanyang). Far left is Mr Simon Tan (China Press).

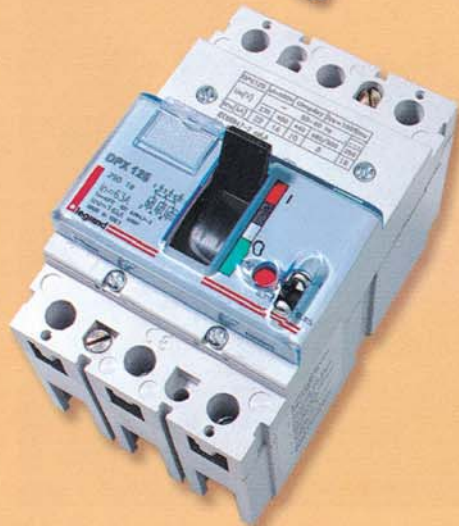

Smiles – TEEAM officials and golfers posing with the Fuji bon-bon girls.

The **legrand** Lexic Modular Approach The Result of **EXPERTISE**

Legrand Lexic, one of the fully imported Europe product. Providing safety, simplicity and freedom of installation is the key to Legrand's assurance of high Performance.

Legrand Lexic also comply to IEC60898 for MCB IEC61008-1 for RCCB.

Membership Recruitment Campaign

TEEAM appeals to members to help in recruiting companies and individuals to join the association to strengthen TEEAM membership base. Incentives are offered by the Membership Recruitment Committee. Members introducing a company member will be entitled for 2 points, while introducing an individual member will be entitled for 1 point. The points can be accumulated and used to redeem free advertisements in Suara TEEAM or redeem membership subscription. For details, please contact the TEEAM Secretariat at Tel: 603 – 9221 4417. Membership application form can be printed from the TEEAM website at www.teeam.com.
