N8 Series low-voltage Electrical Systems

- The product complies with application in harsh environments and is suitable for industrial electrical safety in extreme climatic conditions.
- NM8 series molded case circuit breaker adopts double break rotary contact technology to perfectly protect downstream equipments with the ultimate limiting capacity.
- The full series adopts intelligent, series and modular design, and is applicable to the application portfolio of low-voltage power distribution solutions in all fields.

From The Editor's Desk

This is a very challenging period in our country when we are faced with our currency spiralling downwards. There is no clear indication of stability in our economy. All these began with the lowering of oil price and exposure of 1MDB. Implementation of GST exacerbated the economic situation. There is a looming possibility that our credit rating may be downgraded.

AFEEC/FAPECA Conference and Meetings were successfully held from 21st to 22nd August in Pattaya, Thailand. Our sincere gratitude and thanks to TEMCA for their great generosity and hospitality. We had for the first time observers from Myanmar and Cambodia attending our AFEEC meeting. The next AFEEC/FAPECA Conference and meetings will be held in Singapore in the month of September 2016. We hope Malaysia can have a big delegation to participate in the annual event.

ASEAN Economic Community (AEC) will be a reality by December this year. The Engineers Act Malaysia has been amended to accommodate foreign participation of engineers and consultancy firms.

The Green initiative and pursuit of Sustainability will continue to be the leading trend. EE and RE are still relevant and important in achieving both objectives. LED will lead aggressively in lighting products.

The overwhelming cyber usage will propel communication to a greater height. Moving towards 5G will provide greater opportunities to the industry.

ELECAMA 2016 will be held in Bangalore, India from 13th to 17th February 2016. This is the World's Largest One-Stop-Shop for Electricals & Industrial Electronics. They host The World Electricity Forum during this fair. I am glad to note that we will have a big delegation from TEEAM joining the event.

Regards,

Ir Chew Shee Fuee KMN

2015 AGM & Election

TEEAM held its Annual General Meeting (AGM) and Election of new office bearers on 24th May 2015 at TEEAM Conference Room. Some 77 members were present. Before the AGM was convened, a talk on “Empowering Your Business - SME Loan Products” was organized for the members. The talk was presented by Mr Chew Wee Chern of RHB Bank.

After the informative talk, the AGM proper was held. The minutes of the last AGM held on 25th May 2014 were unanimously confirmed. The Annual Report on the activities of TEEAM for the year 2014 and the Audited Accounts for the year ended 31st December 2014 were tabled and duly adopted by the floor.

This was followed by the election of new office bearers for the term 2015-2017. Ir Chew Shee Fuee was re-elected for another term as the President. Ir Yong Ah Huat won uncontested as Deputy President. Dr Tan Ching Seong was appointed as Honorary

Secretary by the President. Mr Wong Chin Cheong and Mr Michael Oan Cheng Hoe were re-elected unopposed as Honorary Treasurer and Assistant Honorary Treasurer respectively. Mr Lim Sai Seong was appointed by the council for the vacant post of Assistant Honorary Secretary.

Eight Committee Members of the Council were elected during the AGM. They are Mr Chong Kwong Fah, Mr Dahari Mat Siran, Mr Ho Khai Hong, Engr Leong Kam Seng, Ir Chang Yew Cheong, Mr Ooi Eng Guan, Mr V Perumal and Mr Siew Choon Thye.

The AGM ended at 12:30pm. It is followed by three Specialised Group’s General Meetings. Ir Chang Yew Cheong, Mr Stan Lim Hui Ming and Mr Subramaniam were elected as

Good turnout – Members at the annual general meeting.

Chairman of the Engineering Construction & Services Group, Trading Group and Manufacturing Group respectively. The Chairman of the respective group automatically succeeds as Vice President of TEEAM. The rest of the Council Members are appointed by secondment and co-option. The day’s event capped off with a buffet lunch.

The full list of new office bearers appears on page 11.

Excited moment – Members waiting for election results.

New line-up – Part of the newly elected TEEAM Council for the term 2015-2017.

TEEAM Council for the year 2015-2017 – (seated from left) Ir Lee Weng Keen (Council Member), Chan Kaim Sam (Council Member), Subramaniam Karuppan (Vice President), Ir Chang Yew Cheong (Vice President), Ir Yong Ah Huat (Deputy President), Ir Chew Shee Fuee KMN (President), Dr Tan Ching Seong (Honorary Secretary), Lim Sai Seong (Assistant Honorary Secretary), Fu Wing Hoong (Immediate Past President), Suresh Kumar Gorasia (Past President) and Dato’ Ir Lee Peng Joo (Past President cum Adviser). (standing from left) Council Members: Ir Kok Yen Kwan, How Chee Seng, Ooi Eng Guan, Andrew Lu Zen Kai, Dahari Mat Siran, Perumal Vengadasalam, Sundararaju Thandava Moorthi, Siew Choon Thye, Engr Simon Leong Kien Khan, David Chong Ah Nyap, Chong Kwong Fah, Ho Khai Hong and Liang Kok Boon. Some Council Members are not in the photo: Stan Lim Hui Ming (Vice President), Wong Chin Cheong (Honorary Treasurer), Michael Oan Cheng Hoe (Assistant Honorary Treasurer), Engr Leong Kam Seng, Lawrence Lai Kun Hoong, Christopher Wong Kon Hoong, Ir Lim Kim Ten, Hui Hua Chuon, Leong Kam Meng, Gan Seng Chong, Chew See Kheng, Bunny Teh Bung Nee, Ricky Lim Lip Kee and Ir Peter Lu Nguang Siong.

THERE IS MORE TO CONNECTWELL THAN MEETS THE EYE.

www.dpstar.com.my

DIN RAIL TERMINAL BLOCKS

Connectwell Terminal Blocks are suitable for all types of wires. Connections can be made by simply stripping the wire of its insulation to the recommended length and clamping it without any additional preparation. In no instance does the clamping screw act directly on the wire and this effectively prevents damage to the wire.

PCB TERMINAL BLOCKS

Connectwell, acknowledged as the market leader in Din Rail Terminal Blocks now brings you a comprehensive range of Pluggable PCB Connectors and PCB Terminal Blocks.

These products are available in an array of pitches, ranging from 3.5 mm to 15 mm and are suitable for wire sizes ranging from 0.5 sq.mm to 35 sq.mm. These are suitable for applications requiring a current rating of upto 125 A. International approvals like UL & CSA ensure high levels of quality and reliability that you have come to expect of Connectwell, making these products the ultimate solution for all your PCB connection needs.

SPRING CLAMP TERMINAL BLOCKS

Spring Clamp Terminal Blocks are suitable for all types of wires. Connections can be made by simply stripping the wire of its insulation to the recommended length and inserting it into the terminal where the wire is held against the current carrying part by a pre-stressed Spring Clamp.

MELAMINE TERMINAL BLOCKS

High Grade Melamine Terminal Blocks are suitable for applications involving high temperature. Connections can be made by simply stripping the wire of its insulation to the recommended length and clamping it without any additional preparation. In no instance does the clamping screw act directly on the wire and this effectively prevents damage to the wire.

..... Continue 2015 AGM & Election

Engineering Construction & Services Group General Meeting – The general meeting elected a new committee with Ir Chang Yew Cheong (standing) as the new Chairman.

Sharing views – A presentation on loan facilities by Mr Chew Wee Chern of RHB Bank.

Trading Group General Meeting – (from right) Mr Stan Lim Hui Ming (Chairman), Mr David Chong (Vice Chairman) and Engr Leong Kam Seng (Secretary).

Networking – (from left) Mr Lim Sai Seong (QAV Technologies), Ir Lim Kim Ten (Individual Member), Mr Yong Sien Wae (Toshiba), Mr Chong Yoon Koon (Chong's Engineering) and press member from Sin Chew.

Difficult to choose – Members checking on the nominees' CV before casting their votes.

During election – The Election Committee counting votes.

Manufacturing Group General Meeting – (centre) Mr Subramaniam was re-elected as the Chairman of Manufacturing Group.

With the Press – TEEAM Exco raised some issues to the Press.

POWERWELL

Empowering Possibilities

Electrical Management Solution Partner

POWERWELL is a progressive global partner in the **Electrical Management Solution** industry. Serving a remarkable array of esteemed customers globally regardless of industrial, commercial or residential constellation, we truly understand the need to provide safe, reliable and quality electrical management solutions.

Benchmarked to meet with tomorrow's extreme requirements in today's electrical switchboard designs, we offer a partnership that constantly delivers assurance and satisfaction to your power management needs.

Analogue Meters

- Moving iron meter
- Moving coil rectifier meter
- Moving coil meter
- Maximum demand meter
- Synchronoscope meter
- Power factor meter
- Frequency meter
- Process indicators, etc.

Digital Power Meter

- Up to 60 Electrical Parameters measurement
- RS485 communication (Modbus Protocol)
- 2 pulse output
- Optional plug in module (Harmonics, Digital Input, Analogue & Relay Output, Data Storage, Profibus, Communication, Ethernet Communication)

Digital Power Analyzer

- Comply IEC62053-22 Class 0.5 standard
- More than 90 parameters measure
- Current direction setting to correct the display value
- With RS485 communication port
- V I accuracy <0.2%, Wh<0.5%, with bi-directional energy me

Fuse / Fuseway

One Stop Energy Billing & Energy Monitoring Solution & System

- Remote Automatic Meter Reading
- Energy Monitoring & Management System

Wiring Design Workshop

The series of on-going workshops organised by TEEAM on wiring design aimed to provide an in-depth coverage of topics directly related to cable sizing and designing of safe LV wiring system. These are essential workshops for practitioners in the electrical power industry at all levels, whether they are contractors, consultants, project managers, facility managers, regulators or competent personnel.

The workshops are led by experienced practitioners and aims to provide a condensed version of wiring design. Topics covered are:

- Regulatory Frame: The Electricity Supply Act & Regulations – An update
- Public distribution network & TNB ESHB, load profiles and tariffs
- MS IEC 60364, MS 1979 & MS 1936
- Power system earthing
- Protection for LV, RCDs & fuses
- Short circuit & voltage drop studies
- Cable sizing & designing safe wiring system

The third & fourth series were held on 30th July 2015 at Amarda Hotel Petaling

Jaya and on 14th September 2015 at New York Hotel Johor Bahru. These workshops were supported by the Energy Commission, the International Copper Association Ltd, Association of Consulting Engineers Malaysia and Institution of Engineers Malaysia. The September session was strongly supported by the Johor Bahru Electrical & Electronics Association.

The fifth session before year end is scheduled for 19th November 2015 at Impiana Hotel Ipoh. Please contact the TEEAM Secretariat for details and registration at vince@teeam.org.my.

Engineering Service

Be it Mechanical or Electrical in nature, BOND GROUP is well equipped to handle the job. With over 30 years' of experience in the business, no challenge is too small or too big for us.

Service provided by BOND include, but are not limited to the supply and installation of the following systems:

Mechanical

- ▶ Air Conditioning & Mechanical Ventilation (ACMV)
- ▶ Fire Protection (Hydrant, Fire Alarm, Sprinkler, Smoke Spill, CO2 etc.)
- ▶ Domestic Water
- ▶ Sanitary & Waste Water
- ▶ Process Cooling
- ▶ Compressed Air
- ▶ Process Piping (Vacuum, N2 etc.)
- ▶ Clean Room

Electrical

- ▶ High Tension (HT)
- ▶ Low Voltage (LV)
- ▶ Extra Low Voltage (Telephone, Audio Visual, CCTV, Card Access etc.)

Maintenance

BOND also operates a maintenance Team which serves the following purposes:

Control & Troubleshooting

Our Maintenance Team consists of experienced and committed professionals who are on-call 24 hours a day, 7 days a week. Should your project/worksites encounter any problems, our Team will be there to solve it with minimum fuss.

Retain Existing Client Base

To maintain a keen awareness of our clients' progress and taking the initiative to strengthen our relationship with them.

Expand Customer Network

To search for and develop innovative ways of meeting our customers' needs, reinforcing our reputation as the premier one-stop M&E solutions provider in Malaysia.

Provide Testing & Commissioning (T&C) Support To Projects Department

To provide T&C/miscellaneous support to the Projects Department, ensuring on-time completion, every time.

AFEEC/FAPECA Conference & Meeting in Pattaya

The conference and meeting of the Asean Federation of Electrical Engineering Contractors (AFEEC) and the Federation of Asian Pacific Electrical Contractors Associations (FAPECA) for 2015 was held in Pattaya, Thailand. The event held on 21st & 22nd August 2015 at Ambassador Jontiem City Hotel was hosted by Thailand Electrical & Mechanical Contractors Association (TEMCA). This year's event was held in conjunction with TEMCA Forum & Exhibition 2015 which saw an impressive colorful opening where delegates were warmly welcomed.

The conference and meeting drew participation from national associations including Association of Indonesia Electrical and Mechanical Contractors (AKLI), Korea Electrical Contractors Association (KECA), Singapore Electrical Contractors and Licensed Electrical Workers Association (SECA), Society of Philippine Electrical Contractors & Suppliers (SPECS), Taiwan Electrical Contractors Association (TECA), Hong Kong Electrical Contractors Association (HKECA), TEMCA and TEEAM. We had for the first time observers from Myanmar and Cambodia attending the AFEEC/FAPECA event.

The conference themed was on "Energy Saving" where member countries presented

Attentive – AFEEC Council Meeting in progress.

papers on energy efficiency, energy saving and sustainable energy. TEEAM's Paper on "Malaysia Perspective in Energy Efficiency with Cost Saving" was presented by Ir Lam Sing Yew.

The 53rd AFEEC Council Meeting and 29th FAPECA Executive Board Meeting were convened smoothly. It was also a good platform for networking and exploring business opportunities. The meeting witnessed the turn over of the FAPECA Presidency from KECA Korea to AFEEC. Mr John Tan from SECA Singapore was unanimously elected to helm the FAPECA Presidency.

The event also witnessed the presentation of AFEEC Best Electrical Contractors Awards

for 2015. The winners from Malaysia are:

- Bond M & E (KL) Sdn Bhd - winner of residential category
- Cable Line Electrical & Engineering Sdn Bhd – winner of infrastructure category
- SJEE Engineering Sdn Bhd – winner of commercial category
- Sunway Engineering Sdn Bhd – winner of industrial category

TEEAM delegates wish to record their sincere gratitude and thanks to TEMCA for their great generosity and Thai hospitality. Everyone had a memorable stay in Pattaya. SECA will host the 2016 conference and meeting in Singapore.

Ir Lam Sing Yew – Presented TEEAM's paper on "Malaysia Perspective in Energy Efficiency with Cost Saving"

Good turnout – Conference delegates.

The Best! – AFEEC Awards for Malaysia Best Electrical Contractors. Bond M&E (KL), Sunway Engineering, SJEE Engineering and Cable Line Electrical & Engineering.

TEEAM delegation – (from left) Mr K Subramaniam (Vice President), Ir Yong Ah Huat (Deputy President), Ir Chew Shee Fuee KMN(President) and Ir Chang Yew Cheong (Vice President).

Established in 1998, **Cable Line Electrical & Engineering Sdn Bhd (CLEE)** is now a well known Infrastructure Contractor based in Malaysia. CLEE is the specialist in electrical, civil & engineering, underground cabling and external telecom infrastructure, in which expertise lies in 275kV/132kV/33kV/11kV/HV/LV cable laying, Relocation of cables, Pylon Works, Street lighting, Lamp poles, Feeder pillar, Installation Sub-Station & Premix, G.I. Pipe, Precast & Installation of manhole, Telekom Infra, Services and etc.

CLEE has an excellent track record and this dedication to performance has earned rewards as well as the ISO 9001:2008 Certification. The company possesses the necessary experience staffs to plan and manage the business operation, together with the assistance and coordination from the professional technical personnel, supervisors and site workers, to play a significant role each and committed, in executing and delivering projects within a framework of safety (Safety & Health Environment) and quality, timely delivery and adherence to prescribed budgets.

Over the years, CLEE has been engaged in significant projects such as MRT, LRT, BRT, KLIA, various housing areas and highways like BEE, NPE, SKVE, LATAR, KLPH, LEKAS and etc.

The company continues to grow and now has the capability to undertake large-scale projects in terms of contract size and complexity. CLEE will always meet all requirements and expectations you may have while at the same time providing innovative solutions.

Golf Tournament

The much anticipated golf tournament was held on 5th August 2015 at the Sultan Abdul Aziz Shah Golf & Country Club, Shah Alam, Selangor. A total of 104 golfers participated in the game which went on smoothly in the fine sunny weather. It was a good platform for networking and renewed acquaintance. The list of winners and sponsors appears on page 25.

Take a break – Golfers enjoyed drinks and snacks sponsored by EITA Electric.

Enthusiastic golfers – Everyone looks energetic and ready for the game.

Support from State Associations – (left) Mr Chan Kaim Sam (Deputy President of Perak Electrical Association) with Mr Woo Soo Poo (Past President of Sabah Electrical Association).

Good Networking – A happy gathering to forge closer tie.

Great event – Golfers and guests having a good time at the dinner.

Happy golfing – A group photo of all golfers before the event.

CIE 2015 Manchester, UK

CIE 2015, the 28th Session of the International Commission on Illumination (CIE), was hosted quadrennially by CIE-UK from 28th June to 4th July 2015 in Manchester, UK.

CIE 2015 really was a notable Conference which featured the latest achievements in the science of light and lighting, vision and colour, photometry, photobiology as well as image technology. The conference was attended by more than 370 participants. A 6-member MyCIE (Malaysia CIE) delegation consisting of Mr Siew Choon Thye, Engr Narendren Rengasamy, Mr Glenn Tiong, Mr Lim Sai Seong, Dr Tan Ching Seong and Ms Lim Swee Yong participated in the Conference and Technical Committee meetings.

On behalf of MyCIE, Division 8, Dr Tan Ching Seong presented a paper on “3D Image Acquisition Modalities to Multi-view Image/Video Colour Data Format Conversion and the Quality Control” at the workshop. The workshop provided a venue for brainstorming of current technological bottleneck: The cross over between Imaging System - Display and Printing.

In conjunction with the 28th Session of the CIE, the General Assembly Meeting was held on 28th June 2015 at the Town Hall in Manchester, UK. The meeting was chaired by Prof Ann Webb (Outgoing President of CIE) and attended by 26 National Committees Representatives. The Session is the point at which the outgoing Board hands over to a new Board. The newly elected CIE President is Dr Yoshihiro Ohno of CIE-US. CIE-Malaysia was represented by Mr

Siew Choon Thye (MyCIE Chairman), Mr Glenn Tiong (MyCIE Vice Chairman) and Mr Narendren (MyCIE Treasurer) at the meeting.

The MyCIE delegates wish to record their gratitude to CIE UK for their warm hospitality and flawless arrangements. The

event was fruitful and memorable, and everyone certainly had a great experience.

Organization for the CIE 2016 Lighting Quality and Energy Efficiency Conference is already underway, and will be held in Melbourne, Australia from 3rd to 5th March 2016.

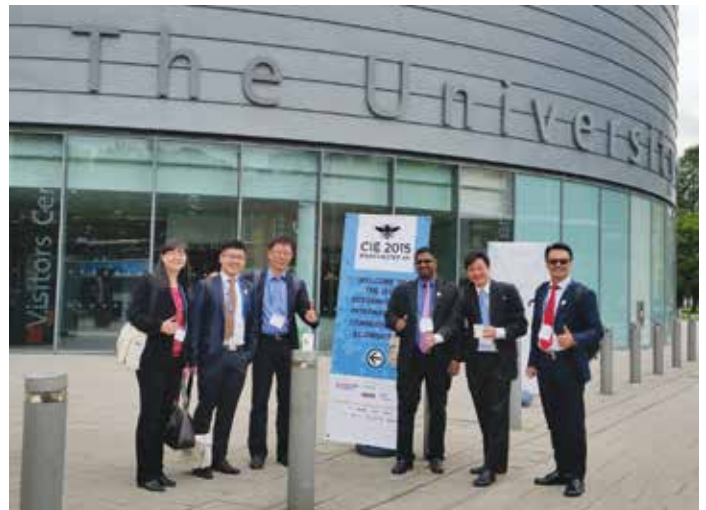

Attentive – CIE Session in progress.

For the album – Delegates at the General Assembly.

Cheers! – (from left) Mr Siew Choon Thye (Chairman of MyCIE), Mr Tony Bergen (President of CIE-Australia), Engr Narendren Rengasamy (Treasurer of MyCIE) and Mr Glenn Tiong (Vice Chairman of MyCIE).

Thumbs-up! – MyCIE's presence at CIE 2015.

EPRE 2015

EPRE 2015 was the 11th series of Electric, Power & Renewable Energy Malaysia Show, held from 25th to 27th March 2015 at the Kuala Lumpur Convention Centre. The event saw a total of 3,257 trade visitors and 170 B2B meetings generated and facilitated throughout the three days. TEEAM together with a number of members took part in the exhibition.

The exhibition was hosted by Tenaga Nasional Berhad (TNB) and supported by the Ministry of Energy, Green Technology and Water Malaysia (KeTTHA), Energy Commission, Malaysian Green Technology Corporation (MGTC), SEDA Malaysia, Malaysian Photovoltaic Industry Association (MPIA), Malaysia Cable Manufacturers Association (MCMA), Malaysia External Trade Development Corporation (MATRADE) and TEEAM.

The event was packed with exciting business activities such as:-

- Power Quality Workshop by TEEAM and Smart Grids Talk 2015 by Fleming Gulf Conferences on 25th March 2015.
- Technical Seminars throughout the show by Tenaga Nasional Berhad (TNB), The Energy Regulatory Commission of The

Exhibition hall – An expo with strong focus on electric, power & renewable energy industries.

Philippines, Malaysia Cable Manufacturers Association (MCMA), UNITEN, TNB Research, International Capacitors (Spain) and various exhibitors.

- The Opening Ceremony on 26th March 2015, officiated by YB Dato' Seri DiRaja Mahdzir Khalid, the Deputy Minister of Energy, Green Technology and Water Malaysia (KeTTHA), was followed by a Participation Contract Signing Ceremony at the IGEM 2015 booth.
- TEEAM Council Meeting on 26th March 2015.
- Special attendance of 6 Hosted VIPs from HWB Asia Pacific (The Philippines), Energy Regulatory Commission of The Philippines, Public Utility Commission of Sri Lanka, Sri Lanka Sustainable Energy Authority, Sustainable Energy Development Authority (SEDA) Malaysia and SOLEXEL Malaysia.
- Special Show Visit by the Spanish Association of Electrical Equipment Manufacturers (AFME).

- 2 International Pavilions: German & Korea; and 2 Industry Pavilions: The TNB Bumiputera Vendors Development Programme (TNB BVDP) & TEEAM.

- Daily Lucky Draw sessions where 2 Iphone 6, 1 Mini Ipad and 1 Samsung Galaxy Note 4 were given away!

TEEAM would also like to congratulate the following winners of the Best Booth Awards:

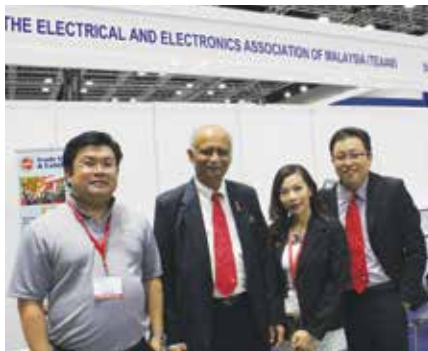

Above 30 square metres:

- 1st prize: Gruppe Lighting Solution
- 2nd prize: The German Pavilion
- 3rd prize: Universal Cable

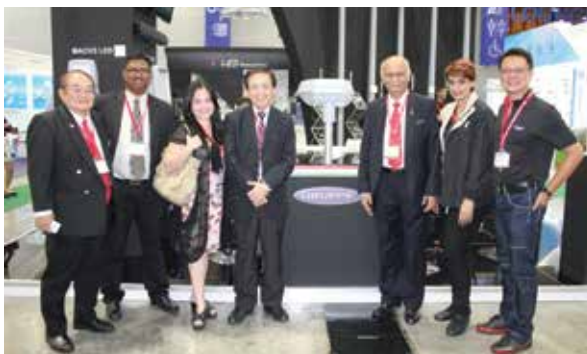

Below 30 square metres:

- 1st prize: Nexans Singapore
- 2nd prize: Yongsung Electric
- 3rd prize: Sarawak Energy

Organised by Malaysia Exhibition Services, the next EPRE show in 2017 is set for 15th-17th March 2017.

TEEAM support – (from right) Mr Leonard Choong (Member), Ms Sherly Cheong (TEEAM Secretariat), Mr Suresh Kumar Gorasia (International Affairs Chairman & Past President) and Mr Philip Tang (Member).

Well done! – Congratulations to Gruppe Lighting Solution Sdn Bhd - emerged as winner of the 2015 EPRE Best Booth Award.

TEEAM Council Meeting – The 11th Council Meeting for 2013-2015 was held on 26th March 2015 in conjunction with EPRE 2015 at KL Convention Centre.

ELECRAMA 2016 Roadshow

Officials from the Indian Electrical and Electronics Manufacturers' Association (IEEMA), Mr Sunil Misra (Director General) and Mr Ninad Ranade (Deputy Director) were in Kuala Lumpur recently on a road show to promote ELECRAMA 2016, the 12th edition of the world's largest power transmission & distribution event.

A presentation was organised on 27th August 2015 at the Crystal Crown Hotel to brief TEEAM members on the event. TEEAM and IEEMA have traditionally enjoyed close and friendly working relationship. TEEAM will be organising a sizeable delegation to support IEEMA and also to seek business opportunities and exposures at ELECRAMA 2016.

ELECRAMA 2016 will be held in Bangalore from 13th to 17th February 2016. Themed "World Electricity Forum", the event will emphasis on new innovations, technological

advancements and stimulating discussions for future international collaborations. Spreading over six halls covering a gross area in excess of 70,000 sqm, the event is expected to draw over 100,000 visitors from local and global electrical industry fraternity.

The well-received Change Exchange, a reverse buyer-seller matching meeting, will be organised along with ELECRAMA for the 3rd time. The programme offers access opportunity for buyers to reach out to Indian manufacturers of high quality and yet immensely competitive electrical equipment and components. It is relevant to EPC contractors, consultants, equipment buyers, energy regulators and procurement officials from power utilities. The programme offers special hosted buyer packages for potential buyers from countries of ASEAN, Africa,

Briefing on ELECRAMA 2016 – Mr Ninad Ranade(IEEMA Deputy Director)

CIS, SAARC and Iran. All approved hosted foreign buyers will be eligible for pre-planned one-to-one meetings with Indian suppliers, complimentary return air-ticket, three days/two nights hotel accommodation and return transfer from hotel/fairground.

For more details of the Change Exchange programme and about ELECRAMA 2016, please log on to www.ieema-rbms.in and www.elecrama.com
